Standard starting position

End by capturing a king or
running out of cards.

Score 1 point for each
captured piece.
If you captured a king,
score 10 points for each
eliminated piece type.

32 is good, 50 is great!

Adrenaline Chess

1. Make a legal move.
2. Stack on captured checkers.
3. May spend checkers to make king moves.
4. Add a checker to any opponent after capture.

Two Move Chess

1. Both choose 2 cards.
 2. Reveal, skip duplicates.
 3. Play cards, in order: N, B, R, Q, K.
 4. Player with 4 cards picks up.
- Move a piece that matches the card or least valuable, movable piece (usually a pawn).
- One card? Play it twice.
Can't move the same pawn twice in one turn.

Masquerade Chess

Ask if captures are legal.

If Yes:
Make capture.

If No:
Don't move.

Zombie Chess

After capture, secretly bury.

After move, "No zombie," or place zombie on a coin.

Many zombies, all move.

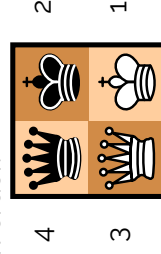

Unmoved zombies are permanently destroyed.

Cooperative Chess

1. Must play a card.
 2. May make a non-capture chess move.
 3. Multiple capture chess moves, if cards match.
 4. Must draw a card.
- Immediate actions:
1. Draw a king, play a king.
 2. Recycle 4-in-a-row.
 3. Promote a pawn with its card.

Crowded House

Turn order:

Can only make a move that starts or ends on your side.

Chess Golf

1. Turn up 2 or 3 cards.
2. Everyone solve, no touch!
3. Move like neighbour (same colour).
4. Colour without neighbours? All kings!
5. Solved? Run timer, then reveal move count.
6. Record scores, lowest demonstrates.
7. Replace captures.

Tar Pit Chess

1. Move chess piece.
 2. Stack on captured checker.
 3. May throw your checker.
 4. May add your checker with a card.
 5. Draw cards to match checkers count.
- Tarred pieces are pawns.
Tarred pawns don't move.
Combine pairs of checkers.
Remove tar on back rank.

Half Alice Chess

White piece chess cards

1. Set 2 bishop cards aside.
2. Shuffle other six cards and deal 2 piles of 3.
3. Add one bishop to each.
4. Shuffle each pile.
5. Deal 8 cards into a row from decks 1, 2, 1, 2, 1, 2...
6. Place the white pieces in the same order as cards.
7. If the king isn't between rooks, swap with rook.
8. Place the pawns normally, and make black mirror white.

Synchronous Chess

2 players
Chess set
Pencil and paper

Standard starting position

Telepathic Chess

4 players
Chess set
Chess cards
Coin or checker

Standard starting position

Coin in middle position.

7 cards for each team:
pawn, knight, bishop, rook,
queen, king, and checker.

Start with pawn card face
up.

Telepathic Chess

1. Predict face down.
2. Make chess move.
3. Check prediction.
4. Push if match face down.
5. Pull if no match.
6. Remove your piece, if coin comes off your side.
7. Coin in centre, if it came off.
8. Take back face-up card.

After losing 8 pieces, only use one prediction card.

Synchronous Chess

1. Write down moves.
2. Reveal.
3. Resolve.
 - a. Capture target didn't move? Normal capture.
 - b. Capture target moved? Not captured.
 - c. Both end on same square? Both captured.
4. Moved to an attacked square? Exchange blows.

Chess960

After start, use standard rules, except castling. Castle to standard destination squares from chosen start squares. Rook and king must not have moved, and must only move through empty squares. King must not be attacked on any square he moves through.

Half Alice Chess

1. Make a legal move, ignoring pieces on the other side of the mirror.
2. Add or remove a checker.
